WHAT IS EMDR?

25 years of quality research has proven that this therapy helps people resolve issues of many kinds more quickly than other therapies, and that the healing "sticks" even 15 months later.

EMDR stands for **EYE MOVEMENT DESENSITIZATION** and **REPROCESSING** and has been proven to decrease stress related to:

- TRAUMA and PTSD
- ADDICTIONS
- ANXIETY
- DEPRESSION

What is a TRAUMATIC Event?

- WITNESS DEATH OR INJURY
- COMBAT
- SEXUAL ASSAULT
- ACCIDENTS
- NATURAL DISASTER
- CHILD SEXUAL ABUSE

I've made MORE PROGRESS in 3 months of EMDR therapy than I did in 20 YEARS of talk therapy.
